Timothy Boyd says

With the amazing success of the mutant storyline in X-men Lee & Kirby tried to do it again with a different set of outcasts, The Inhumans. Never the commercial success the X-men were I always thought the Inhumans had a very interesting background and storyline. Great stories collected here and some amazing art from the Silver Age, This is some of my favorite Marvel reads. Very recommended

Brandon says

There are definitely some highlights to the volume- anything Jack Kirby had a hand in was fantastic, and Neal Adams does some gorgeous artwork, but mostly it's a bore. It's great to collect these early stories, and that the Inhumans get a variety of voices to help flesh them out, but the stories aren't very exciting and I was just waiting for it to be over.

Paul E. Morph says

This collection boasts some pretty great artwork (Jack Kirby and Neal Adams; 'nuff said) for the most part so it's a real shame that the stories themselves don't live up to their illustrations. It's not even just that the stories are bad; half of them don't even make any sense!

I'm glad I read this, purely for the purdy pitchers, but I'm pretty sure the stories themselves will keep me away from any potential re-reads.

From Reader Review Inhumans Masterworks Vol. 1 (Amazing Adventures for online ebook

From reader reviews:

Sheila Gallagher:

Have you spare time for any day? What do you do when you have considerably more or little spare time? Yeah, you can choose the suitable activity intended for spend your time.
